

# Oscillators

## Transpose

Transpose shifts the pitch of the oscillator by the given number of semitones.

Frequency	Transpose	Resulting Frequency
440	0	440
440	12	880
440	-12	220
220	12	440

# Oscillators

## Detune

Detune shifts the pitch of the oscillator by much smaller amounts: 1/100th of a semitone

Frequency	Detune	Resulting Frequency
440	0	440
440	4	~ 441
440	-50	~ 427.5
